

STATEMENT FROM THE OWL FARM

WISDOM FROM YOUR PUPPET MASTER #MMGA

Kushagsvaegen 17, Moensteras -- 2.04 am -- burning the fucking midnight oil

#MMGA

Well, well, well...

This is just another day in paradise that will go down in UTTER INFAMITY for my beloved Moensteras, all set up to be the GRANDE FINALE und ZE GREAT REVEAL for the deep state self-pack-patting sons of PIGFUCKERS!

HO-HO-HO LO AND BEHOLD!!!

Instead our wrongful and corrupted guardians of peace, justice, free speech, democracy and THE FUCKING CONSTITUTION sent their minion of a LEGERWACHT to forfeit their own Donald Duck-college legal system that's been continuing to piss my beloved son in the face.

I just missed the release concert of my beloved brothers in arms THE QUILL held in our mutual and equal beloved HOME SOIL OF MOENSTERAS!

This R/C-driven son of a gun MIT OFFENTLICHE BESTELLUNG literally threw me out before I got thrown out against PL§13 and then committed a schweinus crime against BrB 24:1/PL10§1.1...

If this wasn't enough, he used an excuse to CALL THE POLICE instead of grant me my personal belongings left behind at the drunken and depraved bar table. I got the Gonzo Jacket and the rest of the BUNQUER PROMO-CD:S back -- but the signed copies of THE STAABS and THE QUILL (+1 vintage t-shirt) are FOREVER STOLEN AND GONE.

But FUCK IT -- I won't press charges. Not in this fucking system that works as a greedy self playing piano to keep the Little man down. Not against the poor fucking warden who let his emotions take control over a force he couldn't reckon or control. Nor THE PEOPLE OF MOENSTERAS who stole my records and most of all deserve a good time. I spoke to a whole of those, both inbred originals like me and new infidels who got stuck in a moment they can't get out of.

HO HO HO you cheap fucking mongrels.

This ends now.

This is from Moensteras.

For Moensteras.

And it's going rolling now on a global viral level.

The World is a small place to be.

FAMILY FIRST

#MMGA - MAKE MOENSTERAS GREAT AGAIN

At least there's a RUMBLE IN THE JUNGLE according to the local standard.

Suppose you've all been following THE NEWS last week instead of scrolling your phones and let others do the thinking?

ALI BOMAYE!

As of the last 30 years as a big time J I got all the receipts I need and forever more.
Not only from the fucking disgrace tonight -- but every single fucking minute from
day and minute 1.

Call me Rambo.

I'm going for all the NINE heads of this fucking hydra.

I've also just recently switched to Mr Tom Petty, y'all stay tuned on the FREAK
POWER! playlist all the way from Florida to Moensteras.

This long game was check mate before it even started.
I control and command all your timelines on the highest level.
Stay tuned.
